

Global Water Futures 2021 Operations Team Meeting – Project Reporting Template

Instructions: All GWF projects are asked to provide a summary update on their activities and accomplishments in preparation for the upcoming Operations Team meeting. **Please submit these by email to chris.debeer@usask.ca by no later than December 2.** These will be used to help guide discussions and breakout synthesis activities and will be made generally accessible on our website in advance of the meeting.

Project Name:	SaskWells
Our major accomplishments to date are:	
<ul style="list-style-type: none">• Data agreements with Saskatchewan Water Security Agency• Hard copy data digitized for complete water quality database• Online survey captured approximately 200 responses around perceptions, practices, and health associated with private well use• Undergraduate thesis completed (exploring geological mapping methods)• GIWS scholarship for summer research assistant (summer 2019)• Biotalent scholarship obtained for research assistant (fall/winter 2020)• PhD student started September 2021 (McMaster)	
Our current activities are:	
<ul style="list-style-type: none">• Undergraduate student beginning thesis January 2022• Searching for masters student to engage in project• Setting up field work, likely for 2023	
The main accomplishments expected by the end of the project are:	
<ul style="list-style-type: none">• Baseline understanding of water quality in private wells in Saskatchewan• Identification of key drivers of adverse water quality• Exploration of potential impacts of climate change on water quality in private wells	
Here is a key visual from the project (figure, photo, table, graph, etc.)
